Dynamic Python and web developer adept at leveraging frameworks and technologies to create efficient, user-friendly web applications. Passionate about delivering innovative solutions and enhancing user experiences. Seeking a challenging role where I can contribute creativity and technical expertise to drive project success and further my professional growth.

PROFESSIONAL EXPERIENCE

Tata Consultancy Services   **Gurugram**
System Engineer   *June 2023–Present*

- Applied Python and basic PySpark skills to develop scripts and automate processes, improving efficiency and reducing manual effort in system operations at TCS.

- Good in SQL for querying databases, extracting relevant information, and performing data manipulation tasks to support business requirements.

- Demonstrated expertise in using SecureCRT and SecureFX for secure remote access and file transfers, ensuring the integrity and confidentiality of sensitive data.

Clavax Technologies Private Limited   **Gurugram**
Assosciate Level L1   *July 2021–May 2023*

- Leveraged Django and Python to construct robust back-end systems, ensuring seamless server-side operations and efficient data management.
- Integrated dynamic functionalities utilizing JavaScript libraries like WebcamJS, enhancing user engagement and interaction within web applications.
- Incorporated Twilio for effective communication solutions, facilitating seamless interactions and notifications within web applications.
- Implemented AWS S3 for secure storage and efficient management of multimedia content, optimizing performance and scalability.

Krayons Convergence Private Limited   **New Delhi**
Web Developer   *Jan 2021–June 2021*

- Proficiently utilized HTML, CSS, and JavaScript to develop responsive and visually appealing front-end interfaces for web applications.

- Employed PHP to create dynamic and interactive functionalities, ensuring seamless server-side operations and data processing.

- Implemented Bootstrap framework to streamline the development process and enhance the responsiveness and scalability of web pages.
